

ANNUAL INDEX OF AUTHORS

Abrašin, V. N. <i>On some difference schemes for radiant heat conduction problems</i> .....	1359
Agaronjan, V. V. <i>Shape classification of uniform spaces</i> .....	848
Agranovič, M. S. and Golubeva, Z. H. <i>Some problems for Maxwell's system with a spectral parameter in the boundary condition</i> .....	1614
Aizenberg, L. A. and Egoryčev, G. P. <i>Integral representations with Szegő kernels for functions holomorphic in unbounded <math>n</math>-circular domains</i> .....	1534
Alekseev, A. B. and Birman, M. Š. <i>Asymptotic behavior of the spectrum of elliptic boundary value problems with resolvable couplings</i> .....	1319
Aliev, A. B. See Jakubov, S. Ja.	
Alimov, Š. A. <i>On spectral decompositions of continuous functions in Sobolev classes</i> .....	1040
On the Riesz means of functions in Lipschitz classes.....	1491
Amirov, A. H. See Lavrent'ev, M. M.	
Amonov, B. K. See Lavrent'ev, M. M.	
Anderson, R. L. See Ibragimov, N. H.	
Andreev, V. A. (see also Azamatov, S. Ž.)	
Extremal problems for a class of bounded analytic functions in the disc.....	793
Andrunakievič, V. A. and Arnautov, V. I. <i>Weakly Boolean topological rings</i> .....	891
Antonev, S. N. <i>On a problem of M. A. Lavrent'ev</i> .....	797
Apanasov, B. N. <i>On the relation of the group <math>SL(n, \mathbb{Z})</math> with the <math>n</math>-dimensional modular group</i> .....	1670
Apresjan, S. A. <i>Uniqueness and localization theorems for ideals in algebras of analytic functions with restrictions on growth</i> .....	1126
Arhangel'skiĭ, A. V. <i>The intersection of topologies, and pseudo-open compact mappings</i> .....	160
<i>Theorems on the cardinality of families of sets in compact Hausdorff spaces</i>	213
<i>Martin's axiom and the structure of homogeneous bicompacts of countable tightness</i> .....	256
Arnautov, V. I. See Andrunakievič, V. A.	
Arro, V. K. See Levin, M. I.	
Artem'ev, S. S. <i>The construction of semi-implicit Runge-Kutta methods</i> .....	802
Aširov, S. and Mamedov, Ja. D. <i>Investigation of solutions of nonlinear Volterra-Fredholm operator equations</i> .....	982
Atahodžae, M. A. (see also Lavrent'ev, M. M.)	

Atahodžaev, M. A. <i>On a linear differential equation of fourth order in Hilbert space</i> .....	1454
Azamатов, S. Ž. and Andreev, V. A. <i>On the uniqueness of solution of the Cauchy problem for a type of partial differential equations with shifted argument</i> ...	1
Azarin, V. S. <i>Asymptotic behavior of subharmonic and entire functions</i> .....	1169
Babič, V. M. and Levitan, B. M. <i>The focussing problem and the asymptotic behavior of the spectral function of the Laplace-Beltrami operator</i> .....	1414
Baklanovskaja, V. F. <i>An investigation of the grid method for parabolic equations with degeneracy</i> .....	586
Balaev, M. K. See Jakubov, S. Ja.	
Baničuk, N. V. <i>On a game problem of optimizing elastic bodies</i> .....	117
Baničuk, N. V., Kartvelišvili, V. M. and Černous'ko, F. L. <i>On difference-quadrature approximations of convex integral functionals</i> .....	1538
Bavrin, I. I. <i>Classes of harmonic and analytic functions associated with the operator <math>J_a^{(1)}</math> and their structural representation</i> .....	415
	<i>Integral representations in the class of bounded multiply circular domains</i> ....
	1620
Belaga, È. G. <i>The additive complexity of a natural number</i> .....	5
	<i>On Heawood vectors of pseudotriangulations</i> .....
	1494
Beljaev, Ju. K. <i>Sequential estimates in sampling inspection by means of a qualitative criterion with classification errors</i> .....	1572
Bel'nov, V. K. <i>On zero-dimensional topological groups</i> .....	164
Belov, Ju. Ja. <i>On strongly hyperbolic systems with a small parameter in Hilbert space</i> .....	1624
	<i>On some systems of linear differential equations with a small parameter</i> .....
	1675
Benderskiĭ, O. Ja. See Sarymsakov, T. A.	
Bentkus, R. Ju. and Žurbenko, I. G. <i>Asymptotic normality of spectral estimates</i>	942
Berezanskiĭ, Ju. M. <i>On the expansion in simultaneous generalized eigenvectors of an arbitrary family of commuting normal operators</i> .....	1042
Birman, M. Š. See Alekseev, A. B.	
Blagodatskih, V. I. <i>On the theory of sufficient conditions for optimality</i> .....	1680
Boglaev, Ju. P. <i>Parameter regularization of some classes of singularly perturbed boundary value problems</i> .....	418
	<i>An iterative method for the approximate solution of singularly perturbed problems</i> .....
	543
Boguš, A. A., Otčik, V. S. and Fedorov, F. I. <i>On finite transformations of the groups SO(5) and their finite-dimensional representations</i> .....	363
Boltjanskiĭ, V. G. <i>On certain classes of convex sets</i> .....	10
	<i>Helly's theorem for H-convex sets</i> .....
	78
	<i>Generalization of a theorem of B. Sz.-Nagy</i> .....
	674
	<i>Decomposition equivalence of polyhedra and groups of motions</i> .....
	1628
Borodin, O. V. <i>A proof of Grünbaum's conjecture on the acyclic 5-colorability of planar graphs</i> .....	1499
Borovskih, Ju. V. <i>Some theorems on complete asymptotic expansions for random walks with two boundaries</i> .....	678

1454	Borovskih, Ju. V. <i>Asymptotic analysis in Hilbert space and some problems of mathematical statistics</i> .....	752
	Brjuno, A. D. <i>Normal form and averaging methods</i> .....	1268
1	Brodskii, A. L. <i>Some imbedding theorems for a class of singular fractional-differential operators</i> .....	591
169	Bubnov, B. A. <i>Boundary value problems for a symmetric system of first-order equations</i> .....	169
1414	Buhgeim, A. L. and Jahno, V. G. <i>On two inverse problems for differential equations</i> .....	1083
586	Buhvalov, A. V. <i>Factorization of compact operators and an example of a reflexive Banach lattice without the approximation property</i> .....	423
117	Bulinskii, A. V. and Žurbenko, I. G. <i>The central limit theorem for random fields</i> .....	14
538	Burenkov, V. I. <i>On the extension of functions with preservation of seminorm</i> .....	806
	Burenkov, V. I. and Faĭn, B. L. <i>On the extension of functions from anisotropic spaces with preservation of class</i> .....	756
415	Burgin, M. S. <i>Free subalgebras of topological algebras</i> .....	1046
620	Čebotarev, A. M. See Maslov, V. P.	
5	Čencov, A. G. <i>On a game problem of guidance</i> .....	73
494	<i>On a game problem of guidance with information memory</i> .....	411
	<i>On a game problem on the minimax functional</i> .....	1449
572	Černous'ko, F. L. See Baničuk, N. V.	
164	Čertanov, G. I. <i>Hereditarily normal and ordered spaces and their continuous images</i> .....	932
524	Čilin, V. I. See Sarymsakov, T. A.	
575	Čoban, M. M. <i>The topological structure of subsets of topological groups and their quotient spaces</i> .....	669
042	Čobanjan, S. A. See Tarieladze, V. I.	
042	Čubarikov, V. N. <i>On a multiple trigonometric integral</i> .....	618
	Čuburin, Ju. P. <i>On the uniqueness of analytic continuation with respect to a parameter and the vanishing of cohomology with values in the sheaf of germs of holomorphic functions</i> .....	1609
680	<i>Vector-valued distributions and functions of operators</i> .....	1739
18	Daleckii, Ju. L. <i>On the selfadjointness and maximal dissipativity of differential operators for functions of an infinite-dimensional argument</i> .....	498
43	Danilov, V. A. <i>On the behavior of the derivatives of a quasi-conformal mapping near curves of discontinuity of the characteristic</i> .....	1689
63	Delone, B. N., Dolbilin, N. P., Štogrin, M. I. and Galiulin, R. V. <i>A local criterion for regularity of a system of points</i> .....	319
10	Dem'janov, V. F. <i>On the extremal basis method</i> .....	991
78	Didenko, V. P. See Ljaško, I. I.	
74	D'jačenko, S. V. <i>Semigroups of almost negative type and their applications</i> .....	1189
28	Dmitriev, M. G. See Glizer, V. Ja.	
99	Doičinov, D. <i>On the uniform shape of metric spaces</i> .....	86
8		

Doktorskiĭ, R. Ja. <i>On the approximation of solutions of well-posed problems in unbounded domains for elliptic pseudodifferential operators</i> .....	1185
Dolbilen, N. P. (see also Delone, B. N.)	
<i>Local properties of discrete regular systems</i> .....	1333
Dolgušev, A. N. <i>The structure of <math>k d</math>-compacta</i> .....	1543
Dolženko, E. P. <i>On the differentiability of functions that can be approximated sufficiently well in the Hausdorff or uniform metric</i> .....	1374
Dolženko, E. P. and Sevast'janov, E. A. <i>On approximations of functions in the Hausdorff metric</i> .....	188
Dorofeev, I. F. <i>On a singularly perturbed system</i> .....	121
Doronin, V. G. and Ligun, A. A. <i>Best one-sided approximation of some classes of differentiable periodic functions</i> .....	1234
Dubrovin, B. A., Kričever, I. M. and Novikov, S. P. <i>The Schrödinger equation in a periodic field and Riemann surfaces</i> .....	947
Dubrovskii, V. M. <i>Exact asymptotic formulas of Laplace type for Markov processes</i> .....	223
Dynin, A. S. <i>An algebra of pseudodifferential operators on the Heisenberg group. Symbolic calculus</i> .....	508
Dyn'kin, E. M. <i>The rate of polynomial approximation in <math>E^p(G)</math></i> .....	1582
Džaiiani, G. V. <i>Riquier problems with weight for a fourth order degenerate equation</i> .....	1715
Džavadov, M. G. and Mahmudov, M. D. <i>Small parameter asymptotics of the solution of a boundary value problem for an elliptic equation in thin domains</i> .....	503
Džuraev, A. <i>A boundary value problem for a system of equations of first order in three-dimensional space</i> .....	625
Efimov, A. B. See Vorob'ev, V. N.	
Efremovič, V. A. See Vainšteĭn, A. G.	
Egorov, Ju. V. <i>On solvability conditions for differential equations with simple characteristics</i> .....	1194
Egoryčev, G. P. See Aĭzenberg, L. A.	
Emeličev, V. A. and Kravcov, M. K. <i>On some properties of transportation polytopes with maximum number of vertices</i> .....	857
Engibarjan, N. B. <i>Some factorization theorems for integral operators</i> .....	1418
Eremin, Ju. A. See Svešnikov, A. G.	
Ermakov, S. M., Nekrutkin, V. V., Proškin, A. Ja. and Sizova, A. F. <i>On solving nonlinear kinetic equations by the Monte Carlo method</i> .....	1274
Evdokimov, A. A. <i>Circuit codes with arbitrary distance</i> .....	900
Evstigneev, I. V. <i>The space <math>2^*</math> and Markov fields</i> .....	1237
Evtuhov, V. M. See Kostin, A. V.	
Faddeev, D. K. <i>On complex representations of the full affine group over a finite field</i> .....	1315
<i>Representations of the full matrix semigroup over a finite field</i> .....	1483
Fain, B. L. See Burenkov, V. I.	
Fedorjuk, M. V. <i>The asymptotics of the Fourier transform of the exponential function of a polynomial</i> .....	486

185	Fedorov, F. I. See Boguš, A. A.	
	Fedorov, V. M. <i>Haken's algorithm is primitive recursive</i> .....	210
1333	Fedotkin, M. A. <i>Algebraic properties of distributions for Chung functionals of homogeneous Markov chains with a countable set of states</i> .....	350
1543	Fel'dman, M. M. See Kutateladze, S. S.	
	Flaksmaier, Ju. [J. Flachsmeyer] See Terpe, F.	
1374	Fomenko, A. T. See Miščenko, A. S.	
	Fomenko, V. T. and Klimentov, S. B. <i>On bendings of surfaces of genus <math>p \geq 0</math> of positive extrinsic curvature in a Riemannian space</i> .....	582
188	Fomenko, V. T. and Tjurikov, E. V. <i>On the bending of surfaces of genus <math>p &gt; 0</math> with boundary in a space of constant curvature under external constraints</i> ....	1527
121	Fomin, A. S. <i>An efficient decision function</i> .....	1035
234	Fomin, V. M. See Janenko, N. N.	
	Freĭdlin, M. I. <i>Fluctuations in dynamical systems with averaging</i> .....	104
947	Frolík, Z. [Z. Frolík] <i>Cozero sets in uniform spaces</i> .....	1444
223	<i>Hypercozero sets in uniform spaces</i> .....	1487
	Frolov, K. K. <i>Upper error bounds for quadrature formulas on function classes</i> ....	1664
508	Frumkin, M. A. <i>An application of modular arithmetic to the construction of algorithms for solving systems of linear equations</i> .....	1165
582	Furmenko, A. I. <i>On the dynamical equivalence of linear differential equations on a solvable Lie group</i> .....	64
715	Fursikov, A. V. See Višik, M. I.	
503	Gabdulhaev, B. G. <i>Quadrature formulas with multiple nodes for singular integrals</i> .....	427
525	Gabov, S. A. <i>On the oblique derivative problem for Laplace's equation</i> .....	82
	Galiulin, R. V. See Delone, B. N.	
	Gal'perin, G. A. <i>One-dimensional local monotone operators with memory</i> .....	688
	Gal'perin, V. E. <i>On differentially homogeneous manifolds</i> .....	1135
94	Gaponenko, Ju. L. <i>The discrete Green's function method for solving linear ill-posed problems</i> .....	987
	Gasymov, M. G. and Mustafaev, B. A. <i>On the inverse problem of scattering theory for the anharmonic equation on a semiaxis</i> .....	621
57	Geronimus, Ja. L. <i>On a problem of S. N. Bernšteĭn</i> .....	1051
18	Gez', I. F. See Ljaščenko, N. Ja.	
	Gil'derman, Ju. I. <i>On the limit cycles of piecewise affine systems</i> .....	1328
74	Giršovič, Ju. See Levin, M. I.	
00	Glizer, V. Ja. and Dmitriev, M. G. <i>On a connection of singular perturbations with the penalty function method</i> .....	1503
37	Gluskin, L. M. <i>On solvable commutative semigroups</i> .....	1364
	Gol'dman, M. L. <i>Description of the trace space for functions of generalized Hölder class</i> .....	1577
15	Gol'dšteĭd, I. Ja. and Mol'čanov, S. A. <i>On Mott's problem</i> .....	1369
33	Gol'shteĭn, M. Š. See Sarymsakov, T. A.	
	Golubeva, Z. N. See Agranovič, M. S.	

Gorbačuk, M. L. (see also Gorbačuk, V. I.)	
Gorbačuk, M. L. and Mihailec, V. A. <i>Semibounded selfadjoint extensions of symmetric operators</i> .....	185
Gorbačuk, V. I. and Gorbačuk, M. L. <i>On the boundary values of solutions of homogeneous differential equations</i> .....	852
Gorbunov, A. D. <i>On a criterion for the existence of fixed points of a continuous operator on a function space</i> .....	495
Gorelik, E. M. See Vainšteĭn, A. G.	
Guščin, A. K. <i>On the behavior as <math>t \rightarrow \infty</math> of solutions of the second boundary value problem for a second-order parabolic equation</i> .....	372
Guščin, A. K. and Mihaĭlov, V. P. <i>On the behavior of a solution of the third boundary-value problem for an elliptic equation in a neighborhood of the boundary</i> .....	1181
Guseĭnov, G. Š. <i>The determination of an infinite Jacobi matrix from the scattering data</i> .....	596
<i>The inverse problem of scattering theory for a second-order difference equation on the whole axis</i> .....	1684
Gusev, M. I. and Kuržanskiĭ, A. B. <i>On equilibrium situations in multicriteria game problems</i> .....	1176
Gutnikov, E. V. See Vasilevskiĭ, N. L.	
Harazišvili, A. B. <i>On a nonseparable extension of Lebesgue measure</i> .....	69
<i>On absolutely nonmeasurable and absolutely negligible sets in classes of invariant measures</i> .....	109
<i>On the intransitivity classes of groups of motions of Euclidean spaces</i> .....	144
Hažalija, G. Ja. <i>On the means of the moduli of analytic functions in doubly connected regions</i> .....	300
Hazan, M. I. <i>Differentiability of nonlinear semigroups and the classical solvability of nonlinear boundary value problems for the equation <math>\phi(u_t) = u_{xx}</math></i> .....	839
Himčenko, B. N. See Kamynin, L. I.	
Homič, V. I. <i>A separability theorem for superintuitionistic propositional calculi</i>	1214
Horomskiĭ, B. N. See Židkov, E. P.	
Ibragimov, I. I. and Šihaliev, N. I. <i>On the best polynomial approximation in a space of analytic functions</i> .....	381
Ibragimov, N. H. <i>Lie-Bäcklund groups and conservation laws</i> .....	1242
Ibragimov, N. H. and Anderson, R. L. <i>Groups of Lie-Bäcklund contact transformations</i> .....	437
Il'in, V. A. <i>Necessary and sufficient conditions for a subsystem of the eigen- and associated functions of a Keldyš bundle of ordinary differential operators to be a basis</i> .....	513
<i>On the properties of a reduced system of eigenfunctions and associated functions of a Keldyš bundle of ordinary differential operators</i> .....	1247
Iohvidov, E. I. <i>Description of J-unitary extensions of J-isometric operators with equal and finite defect numbers</i> .....	811
Isaev, G. A. <i>On multiparameter spectral theory</i> .....	1004

	Isakov, V. M. <i>On the recovery of a domain from scattering data</i> .....	1338
185	Isakova, E. K. <i>On the asymptotic behavior of the solution of a boundary value problem for harmonic functions depending on a parameter</i> .....	23
852	Ivanov, L. A. <i>On the Cauchy-Kowalewski theorem for equations with singularities</i> .....	228
495	Ivanov, V. K., Koršunov, V. A., Rešetova, T. N. and Tanana, V. P. <i>The possibility of determining the energy spectrum of a Bose system from thermodynamic functions</i> .....	630
372	Ivrii, V. Ja. <i>Wave fronts of solutions of some microlocally hyperbolic pseudodifferential equations</i> .....	233
	<i>Wave fronts of solutions of some hyperbolic equations and conical refraction</i>	265
	<i>Wave fronts of solutions of some hyperbolic pseudodifferential equations</i> .....	1000
181	Jahno, V. G. See Buhgeim, A. L.	
596	Jakobson, M. V. <i>On some properties of Markov partitions</i> .....	247
	Jakovlev, N. N. <i>On g-metrizable spaces</i> .....	156
584	<i>On the theory of o-metrizable spaces</i> .....	1217
	Jakubov, S. Ja. and Aliev, A. B. <i>Solvability in the large of the Cauchy problem for quasi-linear equations</i> .....	252
176	Jakubov, S. Ja. and Balaev, M. K. <i>Correct solvability of differential operator equations on the entire axis</i> .....	1078
69	Jakubovič, V. A. <i>Some variants of the abstract maximum principle</i> .....	1121
09	Jančevskii, V. I. <i>Division rings over Hensel discretely valued fields and the Tannaka-Artin problem</i> .....	113
44	<i>On reduced unitary K-theory</i> .....	1220
00	Janenko, N. N., Vorozcov, E. V. and Fomin, V. M. <i>Differential analyzers of shock waves</i> .....	358
39	Jaroslavceva, V. Ja. <i>A class of transformation operators and their applications to differential equations</i> .....	538
14	Juhno, L. F. <i>On the nature of the convergence of the method of nets in the solution of nonlinear evolution problems</i> .....	747
	Juldašev, Z. H. See Kalmykov, S. A.	
81	Kac, G. I. See Žuk, V. A.	
42	Kakičev, V. A. <i>Regularization and pseudoregularization of complete bisingular operators with Cauchy kernels and normal characteristic part</i> .....	952
37	Kalandija, A. I. and Laliašvili, O. E. <i>On a problem of the bending of plates, solvable in quadratures</i> .....	27
	Kalinin, V. A. <i>Representation of absolute shape retracts as intersections of Tychonoff cubes</i> .....	558
13	<i>A fixed-point theorem</i> .....	1280
47	Kaljabin, G. A. <i>Description of traces for functions in weighted classes of Liouville type</i> .....	385
11	Kalmykov, S. A., Šokin, Ju. I. and Juldašev, Z. H. <i>On the solution of ordinary differential equations by interval methods</i> .....	1457
04	Kamynin, L. I. and Himčenko, B. N. <i>On local estimates of the solution of a second-order parabolic equation near the lower cap of a parabolic boundary</i>	442

Kaplan, A. A. <i>On the convergence of the penalty function method</i> .....	1008
Karasev, I. M. <i>The first boundary value problem for an equation with nonnegative characteristic form in the spaces <math>C^{(\alpha)}(G)</math> and <math>L_q^{(\alpha)}(G)</math></i> .....	31
Karatoprakliev, G. D. <i>On a class of equations of mixed type in multidimensional domains</i> .....	1379
Karlovič, Ju. I. and Kravčenko, V. G. <i>Noether theory for a singular integral operator with a shift, having periodic points</i> .....	1547
Kartvelišvili, V. M. See Baničuk, N. V.	
Kašin, B. S. <i>On orthogonal systems of convergence</i> .....	698
Katrahov, V. V. See Kiprijanov, I. A.	
Kemhadze, Š. S. <i>Local Mal'cev theorems and Kuroš-Cernikov classes of groups</i>	323
Kerimov, A. K. <i>On nonlinear differential pursuit games</i> .....	905
Kimel'fel'd, B. N. <i>Homogeneous domains on flag manifolds of rank 1</i> .....	957
Kincl, Ja. See Marek, I.	
Kiprijanov, I. A., Katrahov, V. V. and Ljapin, V. M. <i>On boundary value problems in domains of general type for singular parabolic systems of equations</i> .....	1461
Kiprijanova, N. I. <i>On expansions in the eigenfunctions of some singular differential operators</i> .....	1552
Klenina, L. I. <i>On the solvability of the Cauchy-Dirichlet problem for nonlinear elliptic equations of infinite order</i> .....	962
Klimentov, S. B. See Fomenko, V. T.	
Kočergin, A. V. <i>On the homology of functions over dynamical systems</i> .....	1637
Kogalovskii, S. R. <i>On local properties</i> .....	1465
Koledov, L. V. <i>Fractional powers of elliptic operators and approximation-moment scales</i> .....	328
Kondrat'ev, Ju. G. and Samoilenko, Ju. S. <i>An integral representation for generalized positive definite kernels in infinitely many variables</i> .....	517
Kononenko, A. F. <i>On equilibrium positional strategies in nonantagonistic differential games</i> .....	1557
Konšina, E. V. See Vorob'ev, V. N.	
Kopylov, A. P. <i>Ahlfors' problem on the continuation of quasi-conformal mappings and the quasi-conformal equivalence of domains to a ball</i> .....	1423
<i>Integral averages and quasi-conformal mappings</i> .....	1561
Kordzadze, R. A. <i>Infinite systems of Abel integral equations of the second kind</i> .....	1720
Korobečnik, Ju. F. <i>On the basicity of some systems of functions on a semiaxis</i>	909
Koroljuk, V. S. and Šurenkov, V. M. <i>The potential method in boundary problems for random walks on a Markov chain</i> .....	1697
Koršunov, A. D. <i>Solution of a problem of Erdős and Rényi on hamiltonian cycles in nonoriented graphs</i> .....	760
Koršunov, V. A. See Ivanov, V. K.	
Košeleev, A. I. <i>On the smoothness of the solutions of quasi-linear elliptic systems of second order</i> .....	816
Košmanenko, V. D. <i>The inverse problem of scattering theory in terms of bilinear functionals</i> .....	966

008	Kostin, A. V. and Evtuhov, V. M. <i>Asymptotic behavior of the solutions of a nonlinear differential equation</i> .....	1700
31	Kotko, L. A. and Kreĭn, S. G. <i>On the completeness of the system of eigen and associated functions of boundary value problems with a parameter in the boundary conditions</i> .....	390
379	Kotljär, B. D. <i>On the singular numbers of integral operators</i> .....	1095
547	Krasnosel'skiĭ, M. A. and Pokrovskiĭ, A. V. <i>Regular solutions of equations with discontinuous nonlinearities</i> .....	128
598	<i>Modeling transducers with hysteresis by means of continuous systems of relays</i> .....	447
623	Krasovskiĭ, N. N. <i>On the problem of unifying differential games</i> .....	269
905	<i>Game control in differential evolutionary systems</i> .....	563
957	Kravčenko, V. G. See Karlovič, Ju. I.	
	Kravcov, M. K. See Emiličev, V. A.	
	Kreĭn, M. G. and Langer, G. K. <i>On the indefinite power moment problem</i> .....	90
61	Kreĭn, M. G. and Ovčarenko, I. E. <i>On generalized resolvents and resolvent matrices of positive Hermitian operators</i> .....	1705
52	Kreĭn, S. G. See Kotko, L. A.	
	Kreĭs, V. See Mihaĭlov, L. G.	
62	Kričever, I. M. See Dubrovin, B. A.	
	Krivov, V. V. <i>On the structure of diffeomorphisms with minimal intermediate dilatation</i> .....	34
37	Kričever, I. M. <i>Algebro-geometric construction of the Zaharov-Šabat equations and their periodic solutions</i> .....	394
65	Kričevskiĭ, R. E. <i>The complexity of enumerating a finite set of words</i> .....	700
28	Krivenkov, Ju. P. <i>Necessary optimality conditions for an optimal problem with operator criterion and constraints</i> .....	332
17	Krjažimskiĭ, A. V. <i>An alternative in a linear convergence-evasion game with incomplete information</i> .....	1384
57	Krotov, V. G., Osval'd, P. and Storoženko, È. A. <i>Direct and inverse theorems of Jackson type in <math>L^p</math> spaces (<math>0 &lt; p &lt; 1</math>)</i> .....	39
23	Kruglikov, V. M. <i>On a characteristic property of mappings that are quasi-conformal in the mean</i> .....	864
61	Krugljak, N. Ja. <i>Imbedding theorems, interpolation of operators and the Nash-Moser implicit function theorem</i> .....	192
20	Kruškal', S. L. <i>Two theorems on Teichmüller spaces</i> .....	704
09	<i>On the supports of Beltrami differentials for Kleinian groups</i> .....	1642
97	Kučerenko, V. V. <i>Parametrix for equations with degenerate symbol</i> .....	1099
	Kudrjavcev, L. D. <i>On the stabilization of functions to trigonometric polynomials</i> .....	1138
60	Kuržanskiĭ, A. B. See Gusev, M. I.
